g = gram mg = milligram

Recommended limits for a 2,000 calorie daily diet are 20 grams of saturated fat and 2,300 milligrams of sodium.

Substitution of ingredients may alter nutritional values. Menu items and hours of availability may vary at participating locations. Although this data is based on standard portion product guidelines, variation can be expected due to seasonal influences, minor differences in product assembly per restaurant, and other factors. Except for limited time offerings, optional, or test market items, menu products as of this printing are included in this brochure.

Data Revised: December 2009
